Production Live & Feature Expansion

1 DOCUMENT CONTROL & STAKEHOLDER MATRIX

This Product Requirements Document (PRD) serves as the definitive product and user experience blueprint for **Magic Scissors**. It specifies all user personas, feature modules, functional acceptance criteria, non-functional performance benchmarks, and long-range product evolution.

STAKEHOLDER ROLE	REPRESENTATIVE	RESPONSIBILITY	APPROVAL STATUS
Executive Product Owner	Magic Scissors Leadership	Brand alignment, commercial vision & ROI	Approved (Baseline)
Creative Director	Editorial & Brand Experience	Visual tokens, typography, luxury tone	Approved (Baseline)
Lead Frontend Architect	Engineering Core	Three.js, WebGL performance, responsive UI	Approved (Implemented)
Salon Operations Manager	Front Desk & Concierge Staff	Booking intake, WhatsApp routing, scheduling	Approved (Operational)

2 PRODUCT VISION & BRAND PILLARS

The traditional salon market in India is dominated by two extremes: low-end walk-in neighborhood shops with unverified sanitation, and noisy, discount-driven aggregator apps (e.g., Urban Company, generic booking directories) that strip away the emotional prestige of personal care. **Magic Scissors** was engineered to establish a third, elevated tier: the **Private Digital Salon Flagship**.

PILLAR 1: ARTISANSHIP Master stylists certified in facial symmetry analysis, bespoke coloring, and surgical-grade autoclave tool sterilization.

PILLAR 2: CINEMATIC ATMOSPHERE Architectural serenity inspired by Italian styling floors, private VIP bridal suites, and curated espresso lounges.

PILLAR 3: DUAL-CHANNEL BOOKING Elimination of booking phone tag via instant WhatsApp pre-formatted forwarding + real-time database concierge.

PILLAR 4: FRANCHISE TRANSPARENCY Clear, unpretentious commercial models for boutique and flagship investors with space metrics.

3 MARKET & COMPETITIVE LANDSCAPE

COMPETITIVE DIMENSION	TRADITIONAL NEIGHBORHOOD SALONS	ONLINE AGGREGATOR APPS	MAGIC SCISSORS DIGITAL FLAGSHIP
Brand Atmosphere	Transactional, noisy, generic plastic furniture.	Faceless marketplace; zero physical salon identity.	Theatrical entrance, 3D Shears, Molten Ring gallery, editorial typography.

COMPETITIVE DIMENSION	TRADITIONAL NEIGHBORHOOD SALONS	ONLINE AGGREGATOR APPS	MAGIC SCISSORS DIGITAL FLAGSHIP
Hygiene Guarantee	Opaque; standard barbicide jars or unwashed combs.	Variable freelancer kits without autoclave verification.	Prominently certified medical autoclave sterilization before every service.
Booking Experience	Unreliable paper ledgers or chaotic phone calls.	Forced app install, surge pricing, generic time windows.	Zero-install responsive web; instant 1-tap WhatsApp booking with exact slot.
Bridal & VIP Care	Curtained corners in the main hall; zero acoustic privacy.	Home visits lacking professional salon backwashes.	Dedicated sound-isolated VIP Bridal Suites with styling stations.

4 DEEP USER PERSONAS & EMPATHY MAPS

Persona A: Priya Deshmukh — The High-Profile Bride

USER EMPATHY PROFILE: PRIYA (27) · LUXURY BRIDE

Goals: Camera-ready HD makeup, bespoke hairstyling matching her lehenga embroidery, secluded preparation space for her mother and bridesmaids.

Frustrations: Salons that allow random walk-ins into bridal areas, stylists who don't understand bridal jewelry anchor points, opaque package pricing.

Magic Scissors Delight: The VIP Bridal Suite showcase, direct WhatsApp consultation with the Senior Bridal Stylist, and clear pre-wedding bridal packages.

Persona B: Vikram Singhania — The Discerning Executive

USER EMPATHY PROFILE: VIKRAM (34) · MANAGING DIRECTOR

Goals: Punctual 45-minute grooming session (precision beard sculpt & hair trim) or 60-minute anti-stress hydro-therapy scalp wash.

Frustrations: Waiting 30 minutes past reservation time, unwashed equipment, aggressive cross-selling of low-end hair chemicals.

Magic Scissors Delight: Guaranteed time-slot arrival, quiet espresso lounge, Olaplex restorative care, transparent duration badges.

Persona C: Anand Kulkarni — The Commercial Franchise Investor

USER EMPATHY PROFILE: ANAND (42) · RETAIL ENTREPRENEUR

Goals: Diversify capital into high-margin luxury personal care; wants clear floor plan requirements and realistic break-even timelines.

Frustrations: Franchise brochures with hidden marketing royalties, ambiguous square-footage requirements, lack of brand prestige.

Magic Scissors Delight: Side-by-side tier comparison (Studio Boutique vs. Flagship Arena), clear capacity metrics (chairs, wash beds, bridal suites), direct application form.

5 DETAILED FUNCTIONAL REQUIREMENTS (FR-1 TO FR-8)

FR-1: Cinematic Theatrical Entrance Sequence

Description: A high-production brand intro sequence that welcomes first-time visitors before transitioning into the live studio environment.

- **Trigger & Pre-conditions:** Fires on initial page arrival. Checks `sessionStorage("magic_scissors_intro_entered")`; if true, the intro is bypassed immediately.
- **Stage 1 (Curtains & Chair):** Left/right heavy dark velvet curtains frame the viewport. A high-speed salon chair track translates horizontally across the stage.
- **Stage 2 (Scissor Snip & Audio):** Mechanical shears execute a 3-stroke open-close snip; Web Audio API emits a synchronized metallic click.
- **Stage 3 (Cue Action):** Luminous "Enter Salon" CTA fades in with an illuminated pulsing accent ring.
- **Stage 4 (Curtain Part):** On click/tap, curtains part left and right via cubic-bezier(0.16, 1, 0.3, 1) over 1200ms.
- **Stage 5 (Warm Light Flood & Shimmer Logo):** Warm amber lighting floods in; the brand monogram dissolves from blur(12px) to sharp with a gold specular sweep.

- **Stage 6 (Live Dissolve):** The intro overlay fades out; `magic_scissors_intro_entered` is flagged; user is placed directly on the 3D hero showcase.
- **Accessibility:** Respects `prefers-reduced-motion: reduce` by bypassing all curtain animations and immediately revealing the hero.

FR-2: Three.js 3D WebGL Shears Viewport

Description: An interactive, real-time 3D metallic shear in the hero header showcasing craftsmanship and material excellence.

- **Interaction Model:** Metallic shears rotate and track mouse coordinates (desktop) or device tilt (mobile gyroscope) with smooth damping.
- **Lighting Rig:** Dual-point setup: warm ambient fill (0xFFFAF0, 0.65 intensity), overhead key (0xFFE8D6, 1.2 intensity), and champagne bronze rim backlight (0xB86B49, 1.8 intensity).
- **Device Adaptive Fallback:** If client device reports < 4 GB RAM or < 4 CPU cores, the 3D canvas is replaced with an ultra-high-definition still render to protect 60 FPS scrolling.

FR-3: Molten Ring 3D Carousel Gallery

Description: A fluid, 3D cylindrical carousel showcasing salon spatial views, VIP suites, and styling craft.

- **Card Geometry:** 24px curved glass borders, illuminated warm bronze rim lighting, and backdrop blur.
- **Gesture Physics:** Supports mobile touch swipe and desktop mouse drag with inertial momentum decay ($\Delta v = v \cdot 0.94^t$).
- **Auto-Rotation:** Continuous subtle orbital rotation at 0.002 rad/frame, automatically pausing during user touch, hover, or drag interaction.
- **Metadata Pill:** Displays Category (e.g., *Bridal · Haute Makeover*), Title, Year, and Description with deep-links to the service catalog.

FR-4: Interactive Services Catalog & Pricing Discovery

Description: A categorized service directory with transparent pricing, treatment durations, and instant booking pre-selection.

- **Categories:** Hair Craft (cuts, balayage, keratin), Skin Therapies (hydra-facials, cleanups), Scalp Spa (hydro-therapy, Olaplex), Bridal Haute.
- **Service Modals:** Clicking any service opens an elegant modal detailing benefits, ideal hair/skin types, estimated duration, and exact pricing.
- **Pre-Selection Action:** Clicking "Book This Service" inside any modal closes the modal, smoothly scrolls to the booking form, and automatically populates the service dropdown.

FR-5: Dual-Channel Booking System

Description: Frictionless client appointment scheduling supporting instant WhatsApp forwarding and cloud receptionist logging.

- **Validation Engine:** Validates full name (≥ 2 chars), 10-digit Indian mobile number regex, non-empty service, future date, and time slot.
- **WhatsApp Payload Compilation:** Formats client data into an encrypted URI: `https://wa.me/919960135849?text=...`, including service, date, slot, and notes.
- **Supabase Concierge Integration:** Records booking in PostgreSQL `appointments` table; updates the receptionist badge count (`#conciergePendingBadge`) in the site header.
- **Zero-CLS Button Feedback:** Submit button engages `ButtonLoader` with spinner and accessible `aria-busy="true"` without shifting surrounding layout.

FR-6: Mobile Drawer & Gesture Navigation

Description: Thumb-optimized mobile navigation drawer built for iOS Safari and Android Chrome.

- **Drawer Actions:** Direct quick-links for Book Appointment, WhatsApp Chat, Desk Call, and Google Maps Turn-by-Turn Directions.

- **Safe–Area Insets:** Enforces `env(safe-area-inset-top)` and `env(safe-area-inset-bottom)` to prevent overlap with iPhone Dynamic Island and Android system bars.
- **Focus Trap:** Traps keyboard and assistive technology focus within the drawer when open; closes smoothly on `Escape` key or backdrop tap.

FR-7: Franchise Portal & Setup Tier Matrix

Description: Transparent investor evaluation interface on `franchise.html` detailing capital, space, and equipment needs.

- **Studio Boutique Tier:** 800–1,200 sq.ft, 6 styling chairs, 2 wash beds, executive manicure bar, 6–8 staff team.
- **Flagship Arena Tier:** 1,500–2,500 sq.ft, 10 styling chairs, 3 wash beds, sound-isolated VIP bridal suite, nail spa lounge, 12–16 staff team.
- **Franchise Lead Capture:** Specialized form validating applicant name, phone, target city, preferred tier, and investment timeline.

FR-8: Front Desk Contact & Spatial Navigation

Description: Direct contact and physical salon orientation on `contact.html`.

- **Direct Dialpad Calling:** One-tap `tel:+919960135849` link prominently visible on both desktop header and mobile sticky action bar.
- **Google Maps Integration:** Deep-linked pin (`https://maps.app.goo.gl/...`) opening native Google Maps or Apple Maps app for driving directions.
- **Studio Hours Card:** Neatly aligned schedule cards (Mon–Sat: 9:00 AM – 9:30 PM, Sun: 9:00 AM – 10:00 PM) with walk-in badges.

6 NON-FUNCTIONAL REQUIREMENTS (NFR)

CATEGORY	REQUIREMENT BENCHMARK	VERIFICATION METHODOLOGY & TOOLS
Performance SLAs	LCP < 1.8s, CLS < 0.05, INP < 100ms, FCP < 0.9s	Verified on Lighthouse mobile 4G throttled profiles and WebPageTest.
Design System	Warm Alabaster (<code>#FAF8F5</code>), Champagne Terracotta (<code>#B86B49</code>), Noir (<code>#15171C</code>)	Strict token enforcement via CSS custom properties in <code>css/main.css</code> .
Accessibility (a11y)	WCAG 2.1 Level AA Compliance	Color contrast ratios > 4.5:1, skip-to-content links, ARIA live regions, zero keyboard traps.
Cross-Browser	iOS Safari 15+, Chrome 90+, Edge, Firefox	WebKit tap highlight removal, manipulation touch-actions, CSS clamp fluid scaling.
Security & Privacy	Zero plaintext credentials, strict Row-Level Security	Supabase RLS policies enforce staff-only reading; public inserts sanitized.
Code Quality	Automated unit & DOM test pass rate = 100%	<code>scratch/test-suite.js</code> verifies 74 assertions with zero failures prior to builds.

7 USER JOURNEY EXPERIENCE MATRIX

STAGE	USER MINDSET & ACTION	SYSTEM RESPONSE & ATMOSPHERE	KEY CONVERSION GOAL
1. Arrival	Curious, evaluating salon prestige. Lands on <code>index.html</code> .	Theatrical curtain stage, scissor audio click, illuminated "Enter Salon" CTA.	Overcome bounce friction; entice entry.
2. Reveal	Impressed by cinematic animation. Taps enter.	Curtains glide open; warm amber light floods in; monogram dissolves into 3D shears.	Establish ultra-luxury brand authority.
3. Exploration	Browses Molten Ring gallery; investigates services.	Touch-responsive 3D cards rotate smoothly; transparent price badges open modals.	Service interest & price transparency.

Stage	User Mindset & Action	System Response & Atmosphere	Key Conversion Goal
4. Reservation	Ready to book; enters name, phone, slot.	Form validates inline; pre-fills WhatsApp payload and updates Supabase desk.	Confirmed booking (> 14% conversion).
5. Navigation	Preparing to travel to studio.	One-tap Google Maps directions pin + desk direct phone dialer.	Punctual physical arrival at salon.
